3rd February SSB ran a comprehensive Flavour Course one full day. Six participants passed our demanding test, i.e. being able to separate 22 individual flavours.

## Certificate in Brewing & Packaging

This education, designed for ambitious and busy brewery technicians with a view to acquire knowledge from raw material to warehouse in the whole Supply Chain in only 12 days, has deadline for registration 8th March. The course is aimed at participants from large breweries.

### What to achieve ?

After this education, the participant will know the functions of each of the departments in a large breweries Supply Chain, and how these inter-depend. The participants will also understand his/her own role in this Supply Chain.
